

New York Forward Business Reopening Lookup Tool

The tool below from NY State will help you determine whether or not your business is eligible to reopen, and the public health and safety standards with which your business must comply.

As we know Businesses in each region will be able to re-open in phases and reopening will be determined by health metrics. Re-opening refers to non-essential businesses and business activities. Essential businesses and business activities that are open, will be able to remain open.

The guidelines accessible via this tool apply to both.
